## Description:

This anthology is a thorough introduction to classic literature for those who have not yet experienced these literary masterworks. For those who have known and loved these works in the past, this is an invitation to reunite with old friends in a fresh new format. From Shakespeare's finesse to Oscar Wilde's wit, this unique collection brings together works as diverse and influential as *The Pilgrim's Progress* and *Othello*. As an anthology that invites readers to immerse themselves in the masterpieces of the literary giants, it is a must-have addition to any library.

Banjo Patterson is probably best known for *The Man From Snowy River* (made into a movie starring Tom Burlinson and Sigrid Thornton), and the unofficial Australian National Anthem, *Waltzing Matilda*. Both poems are outstanding. The range of other works in this volume illustrates Mr. Patterson's talent and intimate knowledge of the Aussies. Each succeeding poem seems to get better as one reads. His insight into human nature, horses, and the Australian outback, allow the reader to become familiar with what is written about. There is humor, sadness and poignancy in this varied selection - something for everyone.
